**Synopsis: Corps announces 1997 camping fees and schedules for lake recreation areas**

---

News Release No. 97-04

April 15, 1997

## **Corps of Engineers announces 1997 recreation fee schedules**

**TULSA, Okla. -- The Tulsa District of the U.S. Army Corps of Engineers announces the 1997 recreation fee schedules for Corps-operated recreation areas in Southern Kansas, Oklahoma and Northern Texas.**

**Campground user fees for individual camping areas have remained essentially the same since last year, except for a \$1.00 increase for some campsites which have been designated as "prime sites." Primes sites are designated in areas which have heavy usage due to upgraded facilities or a preferred location on the lake. The rates remain comparable to those of public and private campgrounds within the three-state area as well as other Corps districts bordering Tulsa. Cash or personal checks will be accepted.**

**Day use fees will remain the same cost as last year.**

**SWIMMING:** A fee of \$1 per person -- but no more than \$3 per vehicle -- will be charged at designated swim beaches. There is no fee for children under age 12.

**BOAT RAMPS:** A fee of \$2 will be charged for boat launching in a designated day use fee area. The maximum day use activity fee for all sites or facilities is \$3 per day per vehicle.

**-- more --**

Public Affairs Office

Phone: 918-669-7366

FAX: 918-669-7368

## **CORPS FEES --2/2/2**

**An annual pass may be purchased for \$25 to permit the holder and accompanying passengers to use all boat launching and swimming beaches at Corps-operated areas without further charges. The annual pass is available for purchase at the Corps of Engineers office in Tulsa and at lake offices throughout the Tulsa District's three-state area.**

**Registered campers will not be required to pay day use fees in addition to the camping fees.**

**Golden Age and Golden Access passports are honored for both the camping and day use fees, as well as for purchasing the annual pass. Golden Age passports for individuals over the age of 62 are available for a one-time fee of \$10. Golden Access Passports for individuals who are blind or disabled are free with proof of eligibility for receiving disability benefits under federal law. Both passports enable the holder to a 50-percent reduction in the cost of fees.**

**-30-**

**NOTE: The list of Corps of Engineers lakes and recreation areas, showing 1997 fee schedules for each campground and boat launching and swimming beach collection areas for day use fees is attached.**

**When two costs are shown for daily camping fees (i.e. Canning Creek at Council Grove Lake in Kansas -- \$12 & 13), the higher fee is for individual water hookups.**
